

COMPANY

| GENERAL DATA | | | | Company activity | Type of processing |
|--------------|-------|------|-------|------------------|--------------------|
| COMPANY | | | | End user | Waste processing |
| ADDRESS | | | | Agent | Material recovery |
| TOWN | | ZIP | | Consulting | incineration |
| PROVINCE | | | | Engineering | Size reduction |
| P.O.Box | | Site | | Other | Waste to energy |
| COUNTRY | | | | | Other |
| Contact | Phone | Cell | Email | | Remarks |
| | | | | | |
| | | | | | |

MATERIALS

| Material type | % | Contaminants | | | Layout or pictures attachment |
|---------------------------|------|--------------|--------|-----|-------------------------------|
| Rubber | | | | | |
| Plastics | | | | | |
| Metals | | | | | |
| Hazardous wastes | | | | | |
| Post consumer wastes | | | | | |
| Bulky items | | | | | |
| Paper | | | | | |
| Wood | | | | | |
| Other | | | | | |
| Technical data | | Min | Medium | Max | Remarks |
| Shape / dim. of particles | mm | | | | |
| Single / overall weight | kg | | | | |
| Requested capacity | kg/h | | | | |
| Shreds or granules size | mm | | | | |

SHREDDING SYSTEM

| Machine type | | | Complementary equipments | | |
|--------------------|------------|--------------|--|--------------------|--|
| Serie G | 11-22 kW | Dual shafts | Infeed device | | |
| Serie H | 37-110 kW | | Outfeed device | | |
| Serie HL | 110-150 kW | | Support and protections | | |
| Serie HH | 165-225 kW | | Hopper | | |
| Serie GL | 22-37 kW | Single shaft | Ram feeder | | |
| Serie GLH | 37-110 kW | | Metal detector | | |
| Altro | | | Secondary process machines | | |
| Mobile | | | Screening devices | | |
| Duty cycle | | | Brief description of general processing goal | | |
| | | | | | |
| FEEDBACK | | PROCEDURE | | BUDGET GUIDELINES | |
| Info request | | URGENT | | | |
| Quotation request | | REGULAR | | EXPECTED LEAD-TIME | |
| On site visit | | | | | |
